Improve your customer service skills to people with hidden disabilities!

Would you like to join us in setting up a Sunflower Lanyard Scheme on the Lincolnshire Coast? This is a great opportunity for visitor-facing businesses to enhance the customer experience for visitors with hidden or non-visible disabilities (eg. chronic pain, autism, dementia, mental health issues).

It is a nationally-recognised and growing initiative that involves raising awareness and customer skills of staff in providing small adjustments in practices that can make a big difference to a visitor's experience and enjoyment.

CLIP is coordinating this initiative which will start in December 2021. It is open to any business, statutory or voluntary organisation involved in welcoming day or holiday visitors. One hour introductory webinars/ meetings (no obligation!) will be held on 10 Dec, 16 Dec, 6 Jan, 11 Jan and 12 Jan. Further dates might be available according to demand.

For more information or to book onto an introductory session, please email your name, business name and preferred date to janet@cliplearning.com
